- Working on graduating From The University of Texas at Dallas with a Graduate certificate in International banking and Monetary systems in 2025

Skills:

- Can collaborate well with others. Small or large groups or individuals.
- Inventive: Problem solving with mechanics and electronic functionality.
- Has experience with programs and languages such as:
 - Microsoft office suite
 - Google Drive and Doc suite
 - R
 - R-studio
 - Stata
 - MATLAB
 - C++
 - Python
 - Sketchup
 - Pixlr Editor
 - HTML
 - CSS
 - Bootstrap
 - Tinkercad
 - Inventor
 - Github

Experience and employment history:

- Completed a capstone project where I created a portable PC desktop setup for graphics intensive programs. Allows rendering graphics heavy programs such as CAD, video, and audio to be available while traveling.
 - Learned about solving a problem in a step by step process.
 - Designed layout of computer components for air flow and management of space.
- Inteknology & solutions: part time and full time employment from 2016 to present in a number of roles.
 - Warehouse experience and training for pallet jack, scales, and other equipment.
 - Inventory management of electronic recycling such as electronic boards, consumer electronics and industrial equipment
 - Asset recovery and precious metals recovery where applicable.
 - Quality assurance
 - Shipping department
 - Customer service

- Worked with many project based learning groups during my time in both High School and in higher education. I supported other team members in achieving the goals of group projects, led groups in finding specific solutions to problems, and presented such solutions to panels of evaluators and experts in their respective fields. Within these group project based assignments included; management, quality assurance, program development and training experience.
- Volunteered at Allen Community OutReach Food Pantry from June to December 2015.
 - I unloaded trucks full of food, helped inventory and organize, restocked, interacted with customers, as well as weighing, bagging, and recording food going in and out.
